

EPL&M is now able to offer in-person library services. We are back in the building and planning our curbside delivery program. As of June 15 EPL&M is offering fax, printing/photocopy and notary services by appointment. Call 845-647-5530 to for more information.

Curbside delivery will begin June 22. Here is how it will work:

Request items for checkout using the RCLS online catalog or Gateway app or call the library at 845-647-5530. Only items owned by EPL&M can be requested at this time.

We will contact you to set up a pickup appointment. Appointments will be at 10 minute intervals to help with social distancing.

When you arrive in the parking lot call the library and give staff the last 6 digits of your library barcode.

Stay in your car if driving or by the bench if you arrived on foot.

A staff member will leave your items on the table near the library entrance and return inside the library.

Once the staff member is inside you can take your items.

If you have any items to return you can place them in the drop at this time.
